Microsoft Gold Certification for UltraLevel

Detroit, Michigan, - December 30, 2005– UltraLevel Inc., a Detroit-based provider of Information Technology products and solutions to help companies optimize their bottom line, today announced two industry leading certifications within the Microsoft Partner Program.

New **UltraLevel Office Online** certifications include Microsoft Gold Certified Partner and Microsoft Small Business Server Specialist.

UltraLevel is proud to announce to our customers, partners and prospects our achievement of becoming a Microsoft Gold Certified Partner. By achieving this industry leading certification, UltraLevel is positioned in an elite class of only 59 partners within the state of Michigan. In order to achieve this certification, UltraLevel has developed specialties in the following Microsoft competencies: Small Business Server Specialist, Mobility Solutions, Information Worker Solutions, Data Management Solutions, Business Process and Integration Solutions, Networking Infrastructure Solutions, Advanced Infrastructure Solutions, Custom Development Solutions and Learning Solutions. By having expertise in the both the Business Process and Integration as well as the technical competencies across the Microsoft platforms, UltraLevel is the best choice for solving your business objectives with enterprise class IT solutions.

For more information regarding how UltraLevel can help optimize your bottom line, please contact us at (313) 875-1111 or info@ultralevel.com.

About UltraLevel

Located in Detroit's New Center area, UltraLevel's mission is to help companies leverage Information Technology to achieve their business goals and objectives while reducing their Total Cost of Ownership (TCO).
